

Featured Industry Leaders

Treadstone Realty Group is very happy to bring to you the following professionals who are industry leaders in their respective fields. Each of these professionals excel in customer service and exhibit honesty and integrity in their businesses. Our customers have received "preferred customer" recognition as well as the best customer service available from these service providers.

Financial - Mortgage & Banking
Remington Mortgage - www.remingtonmortgage.com
Corlis Dobson - corlis.dobson@sbcglobal.net

Corlis Dobson and the team at Remington Mortgage is committed to helping you find the right mortgage products for your needs. Their easy, efficient process for securing your mortgage allows you to enjoy your home buying experience while also allowing you to benefit from the latest financial tools available to the market. You will love doing business with Corlis and his team.

Home Inspection
Checo Inspections - www.checoinspections.com
email - service@checoinspections.com
phone: 713-320-2661

At CHECO, they know the importance of providing accurate reporting information. They approach each real estate inspection with their clients in mind. Their pursuit of excellence in service and their desire to build long-lasting relationships separate them from other inspection providers.

CHECO's clients receive inspection reports that are a thorough, detailed, informative and an accurate representation of the current condition of the property. They remain available to their clients after the initial inspection, providing the care and attention that is expected of CHECO.

Their inspection team, with over 50 years of Engineering and Construction experience and licensed with over 80 municipalities and cities in Texas, is licensed by the Texas Real Estate Commission and provides service throughout the greater Houston area. They abide by the Texas Real Estate Commission's Code of Ethics and Standards of Practice.

Typically, CHECO's inspections are delivered within 24 hours of the date of inspection. Their reports include detailed analyses of the property as well as the corresponding high-resolution pictures.
